

Missouri TBF State Championship

Missouri TBF completed it's 2011 Divisional Team at it's final qualifying state championship held on Truman lake Oct. 2 & 3. Qualifying events held earlier this past spring and summer placed four anglers on our state team. Eight anglers were qualified from our recent State Championship tournament. Both tournament days on Truman were challenged by dry cold front conditions. The top four placing anglers all caught fish on spinnerbaits, in all arms of the lake.

First place State Champion was awarded to our TBF president, Don Heiser, who totaled just under 28 lbs. over the two day event.
